

What You are going to do with this land?

- We are planning to start Organic Farming.

What is your reason to choose?

- It is eco-friendly and provide awareness to local people about Organic Farming.
- It will also create job opportunity to local unskilled Labour.

How to execute?

- Pawan: Will get it authorized by the government and check the locally available resource which is essential for farming.
- Kishan : Will start setup of farming with the help of Workers and available resources.
- Tayyab : Manage Irrigation and Pesticides which we will use in Organic Farming.
- Robin : Manage Warehouse and selling of products(Crops, Vegetables, Fruits, etc).
